in non-SNAP-Ed funds to support their work

336

food pantries and distribution sites received produce as a result of the project

239,368

pounds of fruits and vegetables supplied to food pantries and distribution sites

Growing Together is a multi-state SNAP-Ed donation garden project that increases access to fruits and vegetables, promotes healthy food access, and provides nutrition and gardening education to individuals and families who are food insecure. SNAP-Ed, the Master Gardener Program and food pantries are working together to build and maintain donation gardens in their communities.

This program is funded by USDA's Supplemental Nutrition Assistance Program. This institution is an equal opportunity provider and employer.
